DATE: February 8, 2010

SUBJECT: PUBLIC TRAINING SEMINARS ON REQUIREMENTS FOR THE TRUCK
AND BUS REGULATION AND TRACTOR AND TRAILER
GREENHOUSE GAS REGULATION

The Air Resources Board staff (ARB or Board) invites you to participate in a series of training seminars to discuss the requirements for the Truck and Bus regulation and the Tractor and Trailer Greenhouse Gas regulation. The reporting deadline for fleets who wish to take advantage of agricultural vehicle provisions, and for fleets that operate two-engine sweepers with Tier 0 auxiliary engines, is March 31, 2010. The training will help all fleets who wish to use ARB's compliance tools for compliance planning and reporting. Background information on these regulations is attached.

These training seminars will provide:

- an update and overview on the regulations, focused on the agricultural and two-engine sweeper requirements;
- how to use the fleet calculator; and,
- how to use the ARB on-line reporting system.

The presentation, as well as any additional material, will be available prior to the seminars at the Truck and Bus regulation website: www.arb.ca.gov/dieseltruck and the Tractor and Trailer Greenhouse Gas (GHG) regulation website: www.arb.ca.gov/cc/hdghg/hdghg.htm. The hard copy materials will also be available on the day of the meeting.

For those unable to attend in person, live internet broadcasts (webcast) will be available for our February 16, March 2, and March 18, 2010, sessions and can be accessed on the date and time of the seminar at www.calepa.ca.gov/broadcast/?BDO=1. An email address will also be available during these sessions to submit questions.

The training seminars will be held throughout the State at the time and locations below.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.

California Environmental Protection Agency

Truck and Bus & Tractor/Trailer GHG Reporting Training Seminars

We also invite dealers, associations, and those who work with affected fleets to organize webcast viewing opportunities at their own facilities on March 2 and March 18 webcast dates. For more information on coordinating additional venues on the webcast dates, please contact Ms. Jackie Johnson, at (916) 323-2750.

If you did not receive this notice directly, but would like to be on the mailing list for future notification, please sign up via our website at www.arb.ca.gov/msprog/dieseltruck or www.arb.ca.gov/cc/hdghg/hdghg.htm.

If you have a disability-related accommodation need, please go to <http://www.arb.ca.gov/html/ada/ada.htm> for assistance, or contact the ADA Coordinator at (916) 323-4916. If you are a person who needs assistance in a language other than English, please contact the Bilingual Coordinator, at (916) 324-5049.

We welcome your participation in these training seminars. If you have any questions regarding the seminars, please call our toll-free diesel regulation information line at 1-866-6DIESEL (1-866-634-3735).

Sincerely,

Tony Brasil, Chief
Heavy-Duty Diesel Implementation Branch
Mobile Source Control Division
